

## South West Fed Role Description – Creative Programmer

### Main Tasks and Responsibilities

1. In conjunction with the wider group of programmers and under the leadership of the Vice Chair, develop and deliver an annual programme of IRL events and online talks, to:
  - a. Showcase best practice locally, regionally, nationally and internationally
  - b. Highlight issues of relevance to the sector
  - c. Support diversity and broad audience reach of the work of the Fed, pro-actively engaging with a wide range of speakers and organisations to ensure diverse representation and relevance
  - d. Enable those in the sector to network, share learning and collaborate
  - e. Connect heritage organisations from different sectors including museums, art galleries, historic houses, landscape sites, libraries, universities, gardens and parks, etc.
2. Each Creative Programmer will be expected to lead on the co-ordination of at least one IRL and one online talk each year.
3. Attend and contribute to programming meetings with the Creative Programmers and Vice-Chair, outside of the board meetings.
4. Engage the full board with programme ideas and content suggestions.
5. Support the Communications Trustee to promote the events and provide post event write ups and reviews, including content from board members, speakers and guests.
6. Work with the Events Administrator to set up events on Eventbrite to facilitate session bookings when leading on an event.
7. Evaluate the programme when leading an event and use this data to inform future programming, securing support as needed by working with others such as students, partners and fellow board members.
8. Regularly review the programme, structure, pricing and approach to consider changes, with the full board.
9. To attend Board meetings and play an active part in the discussions and activities of the South West Fed.

Please also refer to the separate “Generic Role Description” document as regards the Charity’s mission, governance and general trustee/director expectations and duties.
